3. Sharing Christ to your family

Family Study 3 – Sharing Jesus to your family.

Discuss.

What is your family's attitude towards religion in general? What is your family's attitude towards your own faith? How easy or difficult is it to speak to them about spiritual matters?

For Christian families, how did your family bring you up spiritually?

Being Christ's witness to your family.

What do these passages say about being ready to answer questions and our attitudes when people asks us questions?

1 Peter 3:14-16

Colossians 4:2-6

2 Timothy 2:22-26

Why is it important to answer questions respectfully?

Many of us come from non Christian families, and one of the deepest passion and desire is for our families to be saved as well.

To share Christ with your family what obstacles do you face ?
(What questions are most commonly asked by parents and family about Christianity?)

How can we over come these obstacles?
(How would you answer some of these questions?)

What things can you do to create opportunities to share the gospel with your family?

Coming from Christian families.

Some of us are blessed with Christian families but as with all things not all families are the same.

If you come from a Christian family share with the group what it was like to grow up in a Christian family?

e.g. How much did your family talk about God?

How much did your family encourage you to be involved in church ?

How much did your family let you decide your own faith?

Pray.

For each other's families and their salvation.

For opportunities to speak about Jesus with our parents.

For our own personal godliness in our relationship with our families.
